LX8-1-DB-M Canister

Zeer krachtig zeer snel stofzuigen

Turbo Cyclonic Technology™ for better cleaning results

For better cleaning results, the Turbo cyclonic Technology™ improves suction for greater dust pick up. For easier emptying, it also separates the dust from the air and forces it to the sides of the dust bin.

Vacuum easily with Motion Control System™

For a controlled, seamless transition between rooms, the Motion Control System™ allows for stable movements, smooth turning and dynamic traction.
