

Barbecue 600

FOBQ 602 G X

- NG or LPG supply
- AISI 316 stainless steel finish
- 2 in-line tubular gas burners
- Metal knobs
- Battery-operated electronic ignition
- 2 stainless steel grates
- Removable drip tray

Features

The Fulgor Milano built-in barbecue in AISI 316 stainless steel comes with two stainless steel grates and has 2 tubular gas burners, with a total power of approximately 7,6 kW. Special gas conversion nozzles are supplied as standard to allow the use with both NG and LPG. The in-line arrangement of the burners allows you to separate the cooking zones and also allowing the use of different temperatures. The BBQ is equipped with Gas-Stop safety devices. Among the accessories on request, in addition to Teppanyaki and different types of grates, two different lid models are available (high and low).
